AWARD RECIPIENTS
of
POPSIG-KLK PALM OIL VIDEO COMPETITION 2023

On behalf of IChemE's Palm Oil Processing Special Interest Group (POPSIG), I have the honour of announcing that the awards of **POPSIG-KLK Palm Oil Video Competition 2023**, sponsored by KLK OLEO, is presented to the following participants according to the alphabetical order of their names:

- **Andersson T'ng Khai Shern**, *Bachelor of Engineering (Honours) Chemical Engineering (Year 4), Xiamen University Malaysia;*
Yeow Teck Ann, *Bachelor of Engineering (Honours) Chemical Engineering (Year 4), Xiamen University Malaysia;*
Wong Man Kei, *Bachelor of Engineering (Honours) Chemical Engineering (Year 4), Xiamen University Malaysia.*
 - Video title: Overview of Palm Oil Process in the Coming Hundred Years.
 - Theme: Palm Oil Process Plant in the Future 100 Years.
 - The video is awarded for comprehensively presenting the future possibilities and advanced technologies in the palm oil industry, in addition to the detailed areas on catalysis, digitalisation and safety topics.

- **Ng Wai Hoong**, *Bachelor of Engineering (Honours) Chemical Engineering (Year 3), Universiti Malaya.*
 - Video title: Impact of Generation Z Towards the Palm Oil Industry.
 - Theme: The Generation Z Work-life in Palm Oil Industry.
 - The video is awarded for showcasing a broad connection between Generation Z and the oils and fats sector. This connection encompasses specific aspects relevant to the palm oil industry. The video underscores the potential impacts of Generation Z on the advancement of the palm oil sector.

- **Yiek Siew Teck**, *Bachelor of Engineering (Honours) Chemical Engineering (Year 3), Curtin University Malaysia.*
 - Video title: Tomorrow's Green Gold: The Palm Oil Process Plant of the Future.
 - Theme: Palm Oil Process Plant in the Future 100 Years.
 - The video is awarded for connecting advanced technology into palm oil processing and subtly link to diversity and sustainability, in which these elements envision a futuristic palm oil industry.

The three videos were unanimously selected by the Judging Committee. Each winning group will receive RM3,000.00 cash prize.

POPSIG management team and I would like to offer our sincere appreciation to all participants for your hard work. We would like to congratulate the three awarded groups for their selected videos.

PROFESSOR IR DR CHONG MEI FONG

BEng (Hons) Chem. Eng., PhD, FHEA, PEng, MIEM, AAE

Chair of POPSIG
