

IChemE Future Water Conference 2025

The *Future Water Conference* is a two-day conference led by IChemE's Water Special Interest Group, taking place on 2nd and 3rd September 2025 at the University of Bath. With a parallel focus on future technologies for wastewater treatment and production of potable water, the conference will share industry best practice and leading research, and engage with early career researchers and practitioners.

Themes running throughout the programme will include the latest developments in water treatment, the challenges facing the future of water treatment, and process engineering solutions to these problems, with presentation from selected experts covering topics such as:

- Management of wastewater treatment process emissions
- The future of drinking water quality: standards and treatment technologies
- Nature-based solutions for improved water treatment
- The role of water treatment in protecting the biodiversity of catchments
- Digitalisation in the water sector
- The role of chemical engineering in implementing innovative, sustainable treatment technologies

The full list of speakers and a complete event programme will be updated on the [conference website](#).

Sponsorship Packages

Sponsoring or exhibiting at the *IChemE Future Water Conference* is an excellent opportunity for meaningful engagement with the UK water community. We have packages to suit all budgets, allowing you to showcase your products and services, engage with attendees, and generate new leads.

Please register your interest by filling in this [contact form](#), you can also access the form via the following QR code

	Details	Cost
Speaker Package (only available to organisations that employ one of the invited speakers)	<ol style="list-style-type: none"> 1) Have a small logo and company bio on the conference website (with hyperlinks) and event material (conference agenda, conference paper, banners) 2) Be named on the agenda as the sponsor for your speaker's session with the option to display a company banner during this session 3) Receive a 20% discount for any other sponsorship package 	Speaker's expenses to attend the event (travel, accommodation etc.)
Supporter Package	<ol style="list-style-type: none"> 1) Medium sized logo and company bio on conference website with hyperlinks 2) Medium sized logo on event material (conference agenda, conference paper, banners) 3) Option to provide leaflet to be included with conference pack 	£250 + VAT
Sponsor Package	<ol style="list-style-type: none"> 1) Large-sized logo and company bio on conference website with a hyperlink to a microsite dedicated to them. 2) Large-sized logo on event material (conference agenda, conference paper, banners) 3) Company banner in conference room (to be supplied by the sponsor) 4) One delegate pass 	£600 + VAT
Exhibitor Package	<ol style="list-style-type: none"> 1) Extra large-sized logo and company bio on conference website with a hyperlink to a microsite dedicated to them 2) Extra large-sized logo on event material (conference agenda, conference paper, banners) 3) Company banner in conference room (to be supplied by the sponsor) 4) Stand in exhibitor area (foyer of venue) 5) Two delegate passes 	£1200 + VAT
Partner Package	<ol style="list-style-type: none"> 1) Extra large-sized logo and company bio on conference website with a hyperlink to a microsite dedicated to them 2) Extra large-sized logo on event material (conference agenda, conference paper, banners) 3) Company banner in conference room (to be supplied by the sponsor) 4) Option to have a stand in the exhibition area (foyer of venue) 5) Attendee engagement opportunity tailored to the sponsor's need (see below for additional information) 6) Two delegate passes 	£1500 + any cost associated with the engagement opportunity + VAT

Partner Package: Attendee engagement opportunities

As a sponsor of our Water Conference, you'll have a unique opportunity to engage directly with a diverse group of water professionals in one space. We offer several options for you to connect with attendees and share your expertise or gather insights:

- **Host a Workshop:** Lead a focused session on a relevant topic to gain firsthand feedback from industry professionals, explore new perspectives, and identify potential solutions or opportunities for collaboration in your area of expertise.
- **Conduct a Survey or Questionnaire:** Collect valuable data by engaging attendees with a survey or questionnaire. This will help you gain insights into trends, challenges, or areas of interest within the water industry while also giving attendees a chance to provide input on your projects or research.
- **Facilitate a Creative Brainstorming Session:** Host an interactive brainstorming session with a select group of attendees. This collaborative space can be used to generate new ideas, solve specific challenges, or explore innovative approaches to water-related issues.

These opportunities allow you to build meaningful connections with industry professionals, gain real-time feedback, and promote your organization's work in a highly engaged environment.
