

# Novel Technologies in Bioprocessing

Tuesday 23<sup>rd</sup> June 2026  
University College London, Room TBC

## Programme

Start	Organisation & Theme	Speaker
09:45	Registration & Refreshments	
10:30	Chair - Opening Remarks	Event Chair (Vaughan Thomas)
10:40	Sponsor Showcase - <b>Thermo Fisher</b> - Advanced Cell Culture Media	To be confirmed
10:45	<b>Aerbio</b> -CO <sub>2</sub> -based fermentation technologies	Katie Mulligan
11:10	Sponsor Showcase - <b>Pure Transfer</b> - High Purity Fluid Transfer Solutions	To be confirmed
11:15	Sponsor Showcase Talk - <b>Sani Membranes</b> - Vibrating membrane filtration	Adam Poulsen
11:40	Refreshments	
12:00	Sponsor Showcase - <b>IPSEN</b> - Biopharma Manufacturer	Will Olughu
12:05	<b>Culture Collection of Algae and Protozoa (CCAP) Oban</b> -Microalgal bioprocessing platforms	Micheal Ross
12:30	Sponsor Showcase - Available - To be confirmed	To be confirmed
12:35	<b>uFraction8</b> -Advanced cell separation technologies	To be confirmed
13:00	Lunch & Networking	
14:00	<b>Danu Insights</b> -AI Decision-Making for Bioprocessing	Stefan Bostock
14:25	<b>YMC ChromaCon</b> -Continuous chromatography solutions	Thomas Müller-Späth
14:50	Refreshments	
15:10	<b>Roxigen</b> -Laser-based virus analytics	Anka Lucic
15:35	<b>Holiferm</b> -Surfactant fermentation with novel separation	James Winterburn
16:00	Closing Remarks	Event Chair (Vaughan Thomas)
16:05	Post-event unhosted informal networking – local venue
